**Subject:** Application for Software Engineering Internship - Rahul Danu

To: careers@google.com

Dear Hiring Manager,

I hope this email finds you well.

My name is Rahul Danu, a second-year B.Tech Computer Science student at Graphic Era Hill University. I am writing to express my keen interest in applying for a Software Engineering Internship position at Google. With a strong foundation in C++, C, HTML, CSS, and Java basics, coupled with my passion for problem-solving and developing scalable solutions, I am eager to contribute my skills and learn from the best minds at Google.

Currently, I am working on a project titled "Loom" — an AI-powered digital classroom assistant — where I am applying advanced Data Structures and Algorithms (DSA) techniques. Through this project, I have strengthened my abilities in logical thinking, coding practices, and collaborative development.

I am particularly inspired by Google's commitment to innovation, user-centric design, and impact-driven technology. I am excited about the opportunity to grow, contribute to real-world projects, and enhance my technical expertise under the mentorship of Google's esteemed engineers.

Attached to this email are my resume and project portfolio for your consideration. I would be honored to discuss how I can contribute to your team and further develop my skills through this internship.

Thank you for your time and consideration. I look forward to the opportunity to discuss my application further.

Warm regards,

Rahul Danu

**Subject:** Application for SDE 1 Position – Himanshu Rawat

To: careers@google.com

Dear Hiring Team at Google India,

I hope this message finds you well.

My name is Himanshu Rawat, and I am excited to submit my application for the Software Development Engineer 1 (SDE 1) position at Google. With a strong foundation in C++, C, Java, and web technologies like HTML and CSS, I am passionate about creating efficient, scalable software solutions that have real-world impact.

During my academic career at Graphic Era Hill University, I have developed and strengthened my expertise in core Computer Science subjects, especially in Data Structures, Algorithms, and Object-Oriented Programming. In addition to my academic achievements, I have been involved in multiple coding projects that challenged me to innovate, solve problems efficiently, and work collaboratively in team environments.

I am particularly inspired by Google's commitment to building technology that advances human potential. I am eager to contribute to this mission by bringing my technical skills, enthusiasm for continuous learning, and problem-solving mindset to the SDE team.

Attached are my resume and project portfolio for your review. I would be honored to discuss how I can contribute to Google's engineering efforts and grow within the dynamic environment at Google India.

Thank you for considering my application. I look forward to the possibility of joining your exceptional team.

Warm regards, Himanshu Rawat hemu35311@gmail.com | +91 9068098724 |
